AGENDA

Matthew has reported that the Chlorinator have been addressed.

We received a bid for \$900.00 for the electrical for ac/heat unit to be run in City Hall.

We received an estimate for the repairing of the doors and windows for \$7,200.00. I will be trying to secure grants to help with this project. I have applied for a grant from the Chase County Community Fund to help with these issues. I will report when I hear from the committee.

DISCUSSION

Double D has finished the roads, and we really appreciate that. The cost of \$5,862.00 has been paid from the Special Highway Fund. The balance for the roads will be paid as soon as we receive the invoice.

KDHE sent a letter stating that we have a categorical exclusion for the \$900,000 for our water lines.

We will have interest for the water lines, to pay on the loan for the lift station; so we are waiting for this to be ironed out with KDHE, Still don't know how much interest it will be.

Motioned to adjourn the meeting and motion was seconded.

Next City Council June 9, 2025, at 6:00 pm at the City Hall building.
